Mt. Vernon Fair

First Exhibition

A GREAT SUCCESS

The initial exhibition of the Mt. Vernon Fair association was pulled off last week, and the success attained, far surpassed the expectations of the most sanguine. We had the crowd, notwithstanding the rain every day. We had one of the best strings of horses that will be shown at any of the county fairs of the state and last but not least the floral hall with over four hundred exhibits, including the different products of the farm, garden and orchard, hand made articles and choices articles from the culinary department. Such noted horseman as Mack Hughes, Robt. Walker, W. C. Gormley, G. S. Gott, L. T. Marcum, C. W. Cobb, Edgar Doty, M. B. Benton, and the Veteran race horse man H. C. Trainer, were here with such horses, as Lady Belfast, Mary Booth, Lord Arion, Ray Belle and many others equally as good. The number of high class race and show horses from other counties numbered forty one. All went away glad that they had come and with the assurance that they would be back next year. It was certainly a great show of fine stock and every one of the 8000 people who attended during the three days, went away feeling well paid for the time and money spent.

The officers and directors fell amply paid for their efforts in trying to put on a good fair, and one that the people would appreciate. The President Chas. O. Davis, and secretary E. R. Gentry have worked hard to make the fair a great success and they certainly have every reason to feel proud of their efforts.

FLYING MEN FALL

victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, backache, nervousness, headache, and tired, listless, rundown feeling. But there's no need to feel like that as T. D. Peebles, Henry, Tenu, proved "Six bottles of Electric Bitters" he writes, "did more to give me new strength and good appetite than all other stomach remedies I used." So they help everybody. Its folly to suffer when this great remedy will help you from the first dose. Try it. Only 50 cents at Chas. C. Davis.

Cull McClure says he can see as far into a grindstone as the next one and gives as a reason, for the voters scratching their heads so often of late that they are sprout, bull moose horns, that will be full grown by November and they will be found hooking around for the congressional candidate in the Eleventh district.

LIVINGSTON.

F. G. Payne, the lineman, has gone to Lexington, Ky.—Mrs. I. P. E. Remond has returned from a visit to relatives in Knoxville, Tenn.—T. J. Pennington has purchased the half interest in the stock of goods known as Pennington Bros. and now the style of the firm will be T. J. Pennington.—W. M. Warren is suffering with a broken hand.—Dock Jones of the Sand Hill Section, has sold his farm to Gabe Marshal, of Strait Creek, for \$225. Mr. Jones will move to Level Green.—Mr. and Mrs. Joe Omari and children, have returned from Jellico, after a week's visit with relatives.—The Chicago convention is over and they have declared T. R. the wheel horse. They started out as the Bull Moose party, but now have dropped that and are calling themselves the progressive party. Well, we will be glad to see some other emblem to represent the party, for we have looked at that old log cabin long enough. We suppose that the Taft party will still cling to the log cabin. Now the fun will begin for a family row is the worst fight that can be waged and we will hear nothing but politics from now until after the election. We are satisfied of one thing, that the Democratic rooster this fall will light on the topmost rail of creation and flap his wings and crow in a shrill voice, "Victory for the Democratic party."—Thomas Taylor and Mr. Cash, of Quail, are building the Sand Hill school house.—Miss Alice Ward visited Miss Annie Walton, Sunday, on the Clodyke.—John Quinn has an up-to-date bakery in our city.—Rice Walton has a cleaning and pressing outfit in the room adjoining Dr. Amyx drug store.—Last Friday, Marshal Pennington arrested R. P. Gentry on a charge of selling whiskey and took him to London and turned him over to the federal court.—Well, the big Mt. Vernon fair is over. All should be well pleased. It seems that neither labor nor money was spared to make it a success. We only got to attend one day and would have been better pleased could we have been present the three days as we did not get through shaking hands with our friends that one day. We will say to the rest of the boys that we did not meet, perhaps we will live until the next year, then we can meet you at the Mt. Vernon fair.—Will Reece, who has been wanted by the officers of the law for some time on the charge of selling whiskey and other misde meanors, happened to come home Sunday and started with his fam

ily to Mullins Station to catch a train to leave the country. But our marshal, who is always equal to the occasion, went to Mullins station and arrested him, brought him to Lexington and took him to London and turned him over to the officers. Boys, we have told you about this boose business; now take what follows. We are certainly surprised at the change in Mt. Vernon in the past twelve months, as it has been that long since we were there, but there certainly is a great change. Where once there was mud holes and rocks knee high, now they have pikes in their stead, and the town extends from hill to hill. Some fine dwelling equal to those found anywhere. We are glad to know that our county seat is coming to the front and we wish all who oppose good roads would take a day off and go and look at the sample piles in and around Mt. Vernon. We believe he will vote for better roads ever opportunity he gets. We will have to put up with our mud road for some time we guess but we hope that it will not be far in the future until we can get better roads and that bridge that we have been talking about so long.—Mr. Abby Pennington, who has been in the Government service for some time has returned home.—Miss Ethel Hayes is visiting relatives in Brodhead and will stay until after the fair.—There is a series of meetings going on at the Baptist church conducted by Rev. R. A. Barnes, assisted by the Rev. T. C. Duke. They are having a good meeting, large crowds and good behavior.—Bill Cummins and J. M. Fourie will attend the Brodhead fair from this place.—Mrs. Martha Crouch and daughter, of Lebanon Junction, are visiting relatives here. We had the pleasure of meeting Cull McClure at the Mt. Vernon fair and asked him what was his next move. He said, keep your eye on the Signal.—The Christian and Presbyterian Sunday schools will have a union picnic next Saturday at the Sam brook Grove.—Mr. and Mrs. James Southards, of Henderson, Ky. are visiting friends and relatives here this week.—Mrs. G. D. Cook has been on the sick list but is some better.—Sheriff Niceley, of Mt. Vernon, was in our city Monday.—Mr. O. D. Bryant, who has been sick for a few days is with home folks at Mt. Vernon this week, and Mr. I. W. Catlin, of Crab Orchard, is working at the freight house in this place.—George Johnson, the shoe salesman, of Mt. Vernon, was here Tuesday.—Thomas Hornsby, living near town is in a very serious condition and not expected to live long. He has a cancer on his face.—Mrs. R. A. Whitehead who has been visiting her aunt, Mrs. George Pope, has returned to her home in Tennessee.—Uncle George Pope, who has been sick for some time is very feeble at this writing.—S. E. and Bill Pennington left Tuesday for Brodhead fair.—Bernard Hagan was in Rowland, Sunday.

CEDARVILLE.

Apple drying and canning peaches is the order of the day through this part. We have been having some heavy rains which have been needed. Crops are looking fine and if nothing prevents there will be 20 percent more corn raised through this part than last year. Irish potatoes are 90 per cent better this year than last.—Ump Mize was thrown from a mule Wednesday and dangerously hurt. Ump was just getting over a cut in the back which his wife cut with a chopping ax.—Well, the Mt. Vernon fair is over and I will say that it was the best fair I ever attended. The large crowd, nice track, well attended and everything so handy and everybody so friendly and glad to see each other.—Bill John Whitaker bought a yoke of work cattle of Dr. Owens for \$90. Bill John has a job of logging on Rockcastle river.—Dr. Owens has sold his engine and boiler, and grist mill on Eagle creek to Marion Pitman, of the Quail section.

The nomination of Woodrow Wilson for President means a new Democracy. It means a new epoch in American self-government. The Democratic party at last has broken its shackles. It has emancipated itself. It has rehabilitated itself in power and principle. It has turned its face to the rising sun, to re-establish the faith of the American people in their own institutions. Woodrow Wilson will be the next president of the United States. But he will be more than that. He will be the first president of United States in a generation to go into office owing favors to nobody except the American people and under obligations to nothing except the general welfare. No political boss brought about his nomination. No political machine carried his candidacy to victory. No coterie of Wall street financiers provided the money to finance his campaign. He has no debt to pay to corrupt politics or to corrupt business. He was nominated by the irresistible force of public opinion, and by that alone. He stands before us a free man. The American people have set out to regain possession of their government, and Woodrow Wilson was nominated for president because he embodies that issue. The bosses and the plutocrats who tried to prevent his nomination were beaten by the power of the people, and the power that nominated him is the power that will elect him.

It is said that the Bull Moose crowd will pull off a big stunt in the eleventh district, sometime before the election. They propose to make up a fine train of several coaches and to run it with a full crew of bull moose men, including conductor, porter, flagman, baggageman, fireman, and engineer, the latter to be H. H. Seavy, their candidate for congress, who has had seven years experience on the L. & N., out of Corbin. Seavy desires that the conductor be a Moose democrat. The band that accompanies the train will also be from a moose herd. This train, thus made up, will make a trip through a good portion of the district conducting the original and chief bull moose.

Teddy Roosevelt comes to the eleventh, for the purpose of making a whirlwind speaking tour on this train. It is claimed that the mountains will be shaken with oratory giving bull moose reasons whose revelations will be heard throughout the valleys and over hills and mountains. It will be a warm time then.

Mr. Ben. V. Smith, the Democratic candidate, and Mr. H. H. Seavy, the Bull Moose candidate for Congress in the Eleventh, were both in Mt. Vernon last week. Which shall it be? a question we often hear propounded. We say the strongest man of the two. The Republicans are sick, tired and ashamed of Caleb Powers. They want him beaten, so why shouldn't the Democrats be ready and anxious to grasp anything they offer, to relieve the district of the disgrace.

The eleventh district will no doubt see some warm times between now and November. There is going to be a canvas made by the bull moose men and the regulars that will eclipse anything heretofore pulled off in this republican garrison.

TEDDY says the moose candidate for congress from eleventh district shall be elected; that he will come to the district himself and whoop things up for Seavy.

Livington now has a first class bakery, a much needed institution that our place should have.

PRESIDENT CHAS. C. DAVIS
WELL PLEASED.

To the good people of our town and county:

We have just completed our undertaking which was a big one that of putting on the "Big Mt. Vernon Fair." I want to say that I am certainly thankful for the assistance rendered by all the members of the association, and all, who even wished us well, for it certainly was no one man's job and only through the combined effort of every one that made us rank up in front in the Fair world. I certainly feel proud of our people for giving us the hearty support they did and all I have to say is just keep giving us that kind of support and cooperation, and we are compelled to play second fiddle, but to only a very few Fairs in the state of Ky., I know of no other fair in the state of such a short duration that can boast of having as many good horses as we had as every body will tell you. Such horses as, Lord Bourbon, of Madison, Rex Helton of Nicholasville, and Lady Belfast of Boyle, were seen on our track, something our people never dared to expect of the association. And in our speed rings were seen such as "Lord Arion" of Madison, with a trotting trial of 2:17 and "Mary Maupin" the grand circuit performer with a work of 2:11 and many others, with good speeds were well up in each and every race. Mt. Vernon boasts of being the home of the only horse that graduated in the big show rings. To the fine stallion belonging to Dr. Lawrence, who was the winner of five ties, and when it came time to run, don't forget Mr. Marcus of Monticello, laughing. Bob Walker were always at the post with good ones. Some of the prominent horse men with good strings are, R. M. Walker, Richmond, E. K. Doty, Richmond, H. C. Traynor, Richmond, J. H. Murphy, Stanford, M. B. Benton of Nicholasville, L. T. Marcus, Montecello, Pate Parish, of Lincoln, W. A. Gott, Berea, Mack Hughes, of Danville. The local horse men Roy Beasley, Dr. G. B. Lawrence, Wm. Bullock, John Hilton and Walter Miller. And I as President of the association want to extend appreciation for association rendered to E. A. Chilton of London, Ky., for so ably nursing us in our infancy.

CHAS. C. DAVIS,
President.

GREATEST ATTRACTIONS OF THE SEASON

With the elaborate looking and specially designed posters and lithographs of Sun Brothers' Big Shows seen on the local billboards and dead walls, announcing their appearance here on September 3rd, there are many to revive the old contention that the tented show harms a city in what it takes away from it.

This paper considers that the loss is more than answered in what the show brings, to say nothing of the show dollars left behind in the nature of feed bills, license fees and other forms of paid claims, the volume of fun and delight bestowed on the amusement-loving element of citizenship brings us in debt to the showman.

We despise the cynical growing that is provoked by the occasional invasion of folks who earn their living by exercising their talents of making the world happier.

The man who begrudges the patriotism is himself a very poor pattern of the virtue that he preaches. The Sun Brothers' Shows are making their twentieth annual tour, and they are bringing this season the greatest amusement effort of their long managerial career. There is a greater collection of wild beasts, trained animal novelties and many star European and American performers.

The show gives two complete and unabridged performances daily in fair or rainy weather, 2 and 8 p.m. On the morning of show day and on the exhibition grounds directly in front of the main entrance.

NOTES from MEADOWBROOK FARM

By William Pitt
Keep the hoe going.
Feed the hogs a variety.
The best feed is cheapest.
Turkeys devour many insects.
Separating cold milk means a loss of cream.

This season of the year is trying on cows and dairymen.

Get a die and stamp your initials on the cream or milk cans. Paint will rub off in time.

The cow that can hold up well in milk production in August is a valuable animal.

Selling all the hay and grain raised on the farm is a sure method of selling the farm.

From 10 to 50 per cent. of cream is lost by "setting" milk in pans, say the experimenters.

With the exception of the plow, the harrow is perhaps the oldest of tillage instruments.

Less Kaffir corn in the feed as the weather gets warmer will keep hens from getting fat and lazy.

Don't fail to divide the buttermilk between Biddy and the pigs. She relishes it as much as they.

All fowls, chicks, ducks and ducklings that are kept in yards should have plenty of green food every day.

A chicken takes naturally to having fed him, but the turkey is almost self-supporting until cold weather.

Don't allow the hen-mother to drag around all day with her brood, as many chicks succumb through exhaustion.

One advantage in keeping feed always before poultry is that they do not have to hurry so to get their meals.

In building a wire fence for hogs put one barbed wire at the bottom and the worst rooster in the pasture won't root out.

One mite on the back of a fellow's neck makes him just about wild. What must it be to have a million crawling?

There is still time to put out a crop of roots for cow feed next winter. Rich light soil is the best place for them.

Turkeys always find a ready sale and are almost clear profit. There is always a demand. The market is never glutted.

Neat, clean crates and boxes help to sell fruit even though it may not be quite up to standard of excellence set by the grower.

If the season is dry, haul a few barrels of water to those trees planted during a dry spell.

If hogs are lousy, set a small post wrapped tight with an old rope, in the ground and soak the rope with coal oil. The hog will do the rest.

Overheating is to be avoided by cautious working and careful watching of work horses; with shade and water at intervals, is possible.

If you use the litter in the house keep it dry and clean. Musty and moldy litter is particularly liable to cause trouble at this season of the year.

Plymouth Rocks have been made to weigh seven pounds, dressed, at Thanksgiving time, by judicious feeding for growth and development while on range.

Land plaster has a very small percentage of lime; lump lime has the largest percentage and hydrated lime next. Marl is usually a little richer in lime than ground limestone.

As the pastures begin to drop off the cattle grow more uneasy. Look out for the fences. A herd of cattle will destroy more stuff in one night than you can grow in a whole season.

Shall we salt stock? A friend says to feed the salt in the feed and not let them have access to it. His grounds are that he does not like to eat unsalted food, and they go into the pantry and eat a lot of salt, and he takes it that the sheep or cow is like him in this respect. This looks like good logic.

Cuts and bruises may be healed in about one-third the time required by the usual treatment by applying Chamberlain's Liniment. It is an antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the muscles and rheumatic pains. For sale by Chas. C. Davis.

work done toward establishing our
first exhibition in the fair line.

BIG BLAST.—At Sparks Quarry
yesterday this afternoon will be
fired the largest blast ever set in
Rockcastle. Nine holes 103
feet deep and six inches in diameter
loaded with six thousand pounds
of dynamite. This titanic explo-
sion will release more than thirty
thousand yards of stone from the
mountain side, enough material to
load a train nine miles in length,
requiring fifty of the L. & N.'s giant
locomotives to move it. The
Sparks Co bore with big augers, or
rather drills, and do things worth
while when they go after it and
they are continually on the go.

Owens.—Died, at the residence
of Marsh Owens, her grandfather,
last Saturday evening, Miss Janie
Owens, aged 18, of tuberculosis.
She was the eldest daughter of Will
Owens and leaves a father and
one brother and one sister. Rev.
A. J. Pike held funeral services and
the burial took place at Freedom on
Monday at 11 o'clock, when a large
concourse of relatives and friends
had gathered to witness the last sad
rites. One of the touching inci-
pents of the funeral was the six girl
schoolmates of the departed one
who acted as pall bearers. They
were Misses Fannie Sowder, Martha
Hilton, Martha McKinney, Mattie
Owens, Bessie McKinney and Janie
Dillingham.

There are good times in old
Rockcastle. Big crops. Big pay
rolls at the various crushers and
quarries, scattered along the rail-
roads and the K. P. works at Pine
Hill, all putting lots of cash in circu-
lation.

Uncle Tiny Mullins has bought a
new grindstone. Wore his old one
out grinding his axe which he uses
in splitting up colossal potatoes
raised this year on a rocky point of
ground. Seems as though the tubes,
which are as large as pumpkins, in
searching for room in which to
mature grew around and picked up
numbers of stones as large as a
man's fist. This accounts for the
dulled axe; hence the new grind
stone.

Mrs. L. B. Adams, assisted by
Mrs. J. W. Brown, entertained with
a reception and porch dance for

BROWN MEMORIAL SCHOOL

Fall term opens Wednesday,
September 11, 1912.

We are glad to announce that
Miss Dodson will again be in
charge of the music department.

The many friends of Miss Os-
kamp, who regret, as we do, that
she cannot be with us next year,
will be glad to know that the
domestic science department is to
have in charge a graduate of the
same school from which Miss Os-
kamp came, Miss Mary Wauger,
of Urbana, Ohio, who comes to us
from the same school.

NEGRO LYNCHED

TAKEN TO NEGRO HEADQUAR-
TERS OF TOWN AND RIDDLED
WITH BULLETS.

Prison Guards Are Held Up By the
Lynchers of the Young Col-
ored Lad.

Columbus, Ga.—T. Z. Cotton, alias
T. C. McElhenney, 16-year-old Negro,
accused of murdering C. C. Land, a
white boy, was lynched by a mob of
40 men.

The lad had been found guilty of
manslaughter, and had been sentenced
to three years in prison. As soon as
the light sentence was imposed the
mob organized, and, marching to the
court house, overpowered the guards
and carried away the prisoner.

The court house was packed during
the trial. As soon as court adjourned
many of the officials left. When dep-
tions started out with the prisoner on
the way to jail they were surrounded
and disarmed and held in the court
house, while a score or more of men
took the prisoner out to a street car.

On reaching the negro quarter of
town the passengers were ordered off
the car, which then proceeded a few
hundred yards. Then the negro was
taken off and his body riddled with
bullets. The body was left there.

INFORMANT TURNS PROSECUTOR.

Detroit, Mich.—Edward Schreiter,
former clerk of the council committee,
whose confession caused the arrest of
18 aldermen in connection with al-
leged municipal grafting, from now on
will assist in the prosecution of the
accused Detroit officials. Prosecuting
Attorney Hugh Shepherd made this
announcement. "Schreiter is now an
attache of the prosecutor's office; you
might call him an assistant without
pay," said the prosecutor. The state-
ment was made after the arraignment
of the 18 aldermen and Schreiter.

FIREWORKS EXPLOSION.

HAPPY THO' MARRIED?

There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The feelings of nervousness, the befogged mind, the ill-temper, the pale and wrinkled face, hollow and circled eyes, result most often from those disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, fits, flashes or constantly returning pains and aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

Mrs. DICKOVER.

"I suffered greatly for a number of years and for the past three years was so bad my life was a misery. I consulted Dr. E. V. Pierce, telling him all about my trouble. He told me I would have to go to a hospital before I would ever be better. A year ago this winter and spring I was worse than ever before. At each period I suffered like one in torment, and the more I suffered the more I thought of death. Then I saw what must be done, so I wrote to Dr. E. V. Pierce, telling him as nearly as I could how I suffered. He outlined a course of treatment which I followed to the letter. Took his favorite medicine, Medical Discovery, and a fifty-cent bottle of Smart-Weed, and have never suffered much since. I wish I could tell every suffering woman in the world over what a boon Dr. Pierce's Favorite Prescription is. There is no waste time and money doing nothing with anything else or any one else."

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every woman, single or married ought to know. Sent free on receipt of 31 stamps to my wrapping and mailing only.

NEW STATION

SOMERSET ENCOURAGED OVER ACTION OF RAILROAD COM- MISSION.

If Railroad Company and Citizens Can
Not Agree Commissioner Will
Take Hold.

Somerset, Ky.—The citizens' committee which went from here to Frankfort to appear before the state railroad commissioners to urge them to compel the Queen & Crescent Railroad Co. to build a new station at this place, returned very much elated over the success of their trip, and the prospect for the erection of new depot soon. The commissioners directed the railroad company to prepare within 30 days a plan of a depot which it believes adequate for the needs of Somerset, and also directed the committee from Somerset to prepare a blue print and submit to the railroad company. If the railroad and citizens can not thus agree, the commissioners themselves will meet in Somerset and go over the ground and compel the company to build one according to their suggestions. The railroad company, by its representatives at the meeting, said the reason it had not built a depot here was because it had not decided as yet upon the permanent location of the division headquarters, which were moved from Somerset to Danville about four years ago, and if the headquarters should be brought back here it would require a much larger building than otherwise.

TWO PERISH IN CRASH.

Hand Car Strikes Man on Track and Falls Down Embankment.

Frankfort, Ky.—Notley Smith was killed, and Tom Clark, Suter Clark and George Mitchell were badly injured, when the hand car on which they were riding ran into John Hockersmith, who was asleep on a trestle of the Frankfort & Cincinnati railroad, along the cliff about a mile east of Frankfort, and was hurled 20 feet to the rocks below. Hockersmith was internally injured by the car and died the following day. The regular passenger train on the Frankfort & Cincinnati was 30 minutes late, else it would have hit Hockersmith, and probably would have cut him to pieces.

The men on the hand car were members of the Switzer section crew coming to Frankfort to cash their monthly pay checks. Another hand car, upon which was the crew of another section, was just behind the Switzer car, and when the latter went over the trestle the men on the second car put on the brakes and stopped.

The men on the second car signaled the passenger train a few minutes after the accident, and it stopped and brought the dead and wounded into the city, and they were taken thence in automobiles to the King's Daughters' hospital.

All the men live at or near Switzer. Notley Smith is survived by a wife and one child.

AUTO ACCIDENT AT FUNERAL.

Frankfort, Ky.—An automobile carrying a funeral party, comprising Mr. and Mrs. Clarence Stringfellow, Mr. and Mrs. T. B. Bell and Thomas Stringfellow, from Paris to this city, skidded over a 15-foot embankment near the forks of Elkhorn, throwing out Mrs. Stringfellow and Mrs. Bell. They were seriously injured. The car was behind an automobile carrying the body of the infant of Mr. and Mrs. Stringfellow.

COLLEGE PROPERTY SOLD.

Glasgow, Ky.—A deal was closed here when Liberty association directed the trustees of Liberty college to sell that institution to the educational board of Barren county for \$19,400. The college grounds and buildings are among the most beautiful of any in Southern Kentucky and cost Liberty association \$6,000. Only three years ago a new addition was built to the college at a cost of \$16,000. The county board of education will convert the college into a high school.

MORGAN VETERAN DEAD.

Versailles, Ky.—Robert J. Hoover, 70, died of heart disease, after a year's illness. He enlisted under Gen. Abe Buford, and belonged to Morgan's brigade. Col. D. Howard Smith's regiment. His wife and three children survive.

LEAVES CENTRAL FACULTY.

Danville, Ky.—Caldwell Walker, who was graduated from Central university in 1910 and assisted Dr. T. L. Blayney in the modern language department last year, has accepted the position of principal of the Mt. Sterling high school.

TO VOTE ON BOND ISSUE.

Williamsburg, Ky.—The fiscal court of Whitley county has called an election for September 21 to vote on the question of issuing \$300,000 bonds for the purpose of building roads.

WILL MEET AT MT. STERLING.

Mt. Sterling, Ky.—The state meeting of the Woman's Christian Temperance union will be held in this city, September 25-29. National workers and speakers will be present.

A well known Des Moines woman after suffering miserably for two days from bowel complaint, was cured by one dose of Chamberlain's Colic, Cholera and Diarrhea Remedy. For sale by Chas. C. Davis.

MAY CURE PELLAGRA.

Treatment For Hook Worm Seems to Benefit Sufferers From the Outer Dread Disease.

Barbourville, Ky.—An interesting feature of the investigation in Knob county, the first of its kind to be undertaken in Kentucky, was the infection of hookworm in pellagra patients. Pellagra is a little-known disease, and while cases are comparatively rare, they have baffled medical skill, and no cure has yet been discovered. In the course of the hookworm investigation a total of 25 cases of pellagra have been found in Southeastern Kentucky, and in each instance the pellagra victims were found to be heavily infected with the hookworm parasite. In several instances, a marked marked improvement has been shown by pellagra patients after taking the hookworm treatment, and some connection may be found between the two diseases, which may lead to a cure for pellagra, which has claimed victims all over the state. Dr. J. S. Lock, of this city, state sanitary inspector, is now working on this theory, and will make exhaustive experiments.

COUNTY ROADS TO BE REPAIRED.

Whitesburg, Ky.—The Lexington & Eastern Railroad Co., constructing a line of railroad through this county, will start at once to rebuild such county roadways as have been disturbed by its work. Many of the roads were used in the construction of the railroad, which was the basis of a suit some months ago for \$300,000 on account of alleged damage to the roads, which Dr. J. D. Fitzpatrick, a county judge, refused to sign. The railroad will spend thousands of dollars in the rebuilding of the roads.

GOOD ROADS CONVENTION.

Bowling Green, Ky.—The Bowling Green Automobile club met and appointed a committee composed of Mayor Gils E. Townsend, W. G. Sumpter, president of the Business Men's club, and Dr. John H. Blackburn, president of the Auto club, to extend an invitation to the business men's clubs of Louisville and Nashville to hold the Good Roads convention in this city during the present month. A barbecue and burgoo will be given at Besse Bend park.

O'SULLIVAN IS ELECTED.

Shelbyville, Ky.—At a meeting of the board of directors of the Shelby County Business Men's Association Mike O'Sullivan was elected president to succeed C. A. Koenlenberg, who resigned on account of his removal from the city. Ernest Vanarsdel succeeded Mr. O'Sullivan as vice president and May Rothschild was made a director till the vacancy in the board created by Mr. Vanarsdel's promotion. O'Sullivan is the publisher of the Sentinel here.

BOWLING GREEN IS SUED.

Bowling Green, Ky.—H. W. and Harry Monroe, proprietors of a garage, brought suit against the city of Bowling Green for \$880 damages. The plaintiffs claim that the city through its agents saturated the street in front of their place of business with crude oil, which caused their customers to go to other garages, and that the damaged them in going to and from their garage.

BOND ISSUE IS DENIED.

Bowling Green, Ky.—The Warren county fiscal court refused to allow the \$100,000 school bond issue for rural schools because Ben Porter, one of the building commissioners appointed by county Judge H. H. Denhardt, does not own real estate in his own name as required by law.

RECEIVES STATE APPOINTMENT

Mt. Sterling, Ky.—Former County Attorney Clarence F. Thomas, of this city, has been appointed by the Kentucky insurance rating commission to investigate certain New York companies. He will retire from the firm of Nesbit & Thomas, and will remain in Frankfort to live.

PROMINENT CITIZEN IS DEAD.

Nicholasville, Ky.—Robert J. Duncan, 31, is dead. Mr. Duncan was one of the wealthiest men here, and is survived by four children, Mrs. Margaret Spears, Mrs. M. H. Nave, R. J. Duncan and Miss Emma Duncan, all of whom live here.

HOLD SCHOOL OUT OF DOORS.

Bowling Green, Ky.—The White Oak schoolhouse, near Trammell, Allen county, with its contents, was burned. There was no insurance. The origin is unknown. The building was a frame structure. The teacher secured desks and placing the desks under the trees, went ahead with her school.

SUNDAY-SCHOOL CONVENTION.

Mt. Sterling, Ky.—The Montgomery County Sunday-school convention was held at Somersett Christian church. Among the speakers were the Rev. George A. Joplin, of Louisville, and the Rev. A. P. Finley, of Lexington.

HIP BROKEN IN FALL.

West Point, Ky.—Mrs. Eliza Hawkes, 80, fell on a sidewalk and broke her hip. On account of her advanced age, it is feared that she may not recover.

SEEMED TO GIVE HIM A NEW STOMACH.

I suffered intensely after eating and no medicine or treatment I tried seemed to do me any good," writes H. M. Youngpeters, Editor of The Sun, Lake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health". For sale by Chas. C. Davis.

July 26-31. Mt. Vernon, Ky.

CENTER'S OLDEST GRADUATE.

Bowling Green, Ky.—Judge Robert Rodes, sr., has received a letter from Dr. F. W. Hinitt, president of Central university, Danville, informing him that he was the oldest living graduate of this noted institution, formerly known as Center college. Judge Rodes, who is 88 years old, was graduated in September, 1843, in a class of 19, all of whom are dead. He is the father of H. C. Rodes, of Louisville; Robert Rodes, jr., president of the Citizens' National bank, and John B. Rodes, a lawyer, both of this city, and father-in-law of Judge Warner E. Settle, of the court of appeals, at Frankfort. Judge Rodes is the oldest member of the Warren county bar.

EXPECTED TO RECOVER.

Glasgow, Ky.—Mina Belle, 8, daughter of Nat Burks, who lives near Horse Cave, who was thrown from a buggy and seriously injured a few days since, is improving and if no complications arise will recover. Possibly no child in the state has been followed by a more relentless fate than has little Mina Belle Burks. At a year old she was so badly burned that for a long time her life was despaired of. A year ago a horse ran over her and for a time her condition was critical.

AGAIN ELECTED CITY ASSESSOR.

Carlisle, Ky.—On the fifth ballot John M. Campbell, former county clerk and present assessor, was re-elected city assessor of Carlisle by the city council. On the fifth ballot the council was the tie between Mr. Campbell and Albert L. Bell, and Mayor John H. Frey broke the tie by voting for Mr. Campbell.

ROBBED AT RAILROAD STATION.

Georgetown, Ky.—While Mrs. Geo. Chinn, of Frankfort, was waiting for a Queen & Crescent train, her hand satchel was opened and \$7.50 in cash was taken, as was a round-trip ticket to Cincinnati. Men identified by Mrs. Chinn as those who robbed her were taken into custody by Officer Quince Stockwell.

LOCAL OPTION ELECTION.

Somerset, Ky.—Judge R. C. Hartar had no sooner refused the petition asking for local option election on October 1 than the local option people began the circulation of another petition in each precinct. They have prepared these petitions with much care. These petitions will ask for an election on December 1.

ALLEN COUNTY OIL LEASES.

Franklin, Ky.—A representative of an eastern oil syndicate now prospecting in Allen county is about to begin taking leases in this county for the purpose of sinking wells. Oil is known to exist in the eastern portion of Simpson county, but no effort at development has even been made.

FATHER AND SON INJURED.

Newport, Ky.—Frank Gronick, driver for Daileyman Schuterman, sustained a broken leg and other injuries, and Frank, Jr., his 14-year-old son, was probably fatally burned when a wagon of malt was overturned. The boy was buried under several tons of steaming malt.

NEW WATER COMPANY.

Horse Cave, Ky.—A new water company has been organized here, with the following officers: J. O. Redford, president; J. L. Martin, vice president; P. S. Brantester, secretary and treasurer; directors, P. T. Vaughn, Clarence Owens, J. L. Martin, J. K. Skaggs, W. R. Lyon and W. P. Kirtley.

POLICE KILLING DOGS.

Covington, Ky.—In seven days Covington police killed 100 dogs, according to a report made to Chief Schuler. The campaign to rid the city of dogs was started following the death of Jas. Tracy, a boy. He succumbed to hydrophobia five weeks after he had been bitten.

TOBACCO BARN IN BURNED.

Glasgow, Ky.—A tobacco barn belonging to Sam Boles, about two miles from town, was destroyed by fire. Mr. Boles had just finished cutting his meadow and stored the barn full of hay, and the fire is believed to have started from spontaneous combustion.
